1/ Estimated.

2/ Estimated. Also, no new information was available for the island of Hawaii so the 1998 figures were used as an estimate.

3/ The total number of navy military personnel does not sum to the total of personnel living in housing units, in barracks and aboard ship since navy personnel assigned to ships on a specified date may also have another place to live elsewhere in Hawaii. Therefore, they may be counted more than once in type of residence.
